

DANIEL JONES

Vista, CA 92081
(760) 884-1750
daniel.jones1415@gmail.com

I am a frontend web developer with experience using React. I also have backend/full stack experience. Accessibility and scalability are my top concerns as I build so everyone can enjoy what I make.

EXPERIENCE

Amazon, Vista — Customer Service Representative

February 2021 - PRESENT

Built customer relations with a positive attitude and continuous improvement

Supported customer retention through open communication and listening

Managed and maintained equipment and resources for the pick-up/returns area

Processed more than 1000 returns weekly

Lowe's Home Improvement, Carlsbad — Customer Service Representative

March 2019 - January 2021

Served more than a hundred customers monthly

Maintained a clean working area at the service desk

Helped other departments through phone support for their customers

EDUCATION

MiraCosta College, Oceanside — Web Design and Development (AA)

2019 - 2023

Taken C++ PROGRAMMING and INTRO TO COMPUTER SCI I: JAVA

San Marcos High, San Marcos — General Studies

2011 - 2015

Earned my Diploma for completing general studies courses

PROJECTS

Personal Blog — MERN (MongoDB, Express.js, React.js, Node.js) stack

Built frontend using React and backend using Node and MongoDB Atlas. Allows users to create accounts and blogs, and add posts to their blogs, keeping groups of content organized to the specific blog under the user.
